

Germany Urges Freedom Charter

U. S. Supports Move for East Europe Nations

Dulles Urges 'Declaration of Independence'

PARIS (U.P.)—West Germany today proposed a "charter of freedom" for Eastern European nations to win independence from Soviet rule. The move had strong U. S. backing.

The German proposal was made by Foreign Minister Heinrich von Brentano at today's secret NATO Council meeting and won immediate and full backing by Secretary of State John Foster Dulles.

Dulles urged the council to write this "declaration of independence" into the final communiqué of the NATO meeting as a solemn resolve of the Atlantic community.

The NATO ministers promptly gave the German proposal their implicit endorsement by agreeing to the Dulles suggestion.

Adopt New Proposal

The NATO ministers also adopted a three-nation proposal today that would weld the seven-year-old alliance into a compact political unit capable of common action inside and outside NATO's geographical boundaries.

Brentano warned that freedom for the nations behind the Iron Curtain should not be sought by economic, political, or military pressure or force. The pressure should be moral, he said, reflecting a point made earlier this week by Dulles.

The Brentano plan included five principles:

1. All peace-loving peoples shall support the rights of the Eastern European nations to self-determination and self-government in full freedom.

2. The political order in the countries of Eastern Europe shall be based on national independence, sovereignty and the barring of imperialist subjugation of small nations.

3. All nations of Eastern Europe shall have the right to decide for themselves in full freedom the social order in their territories.

No Military Force

4. The internal development of the countries of Eastern Europe shall not be influenced by military force or threats or by economic and political pressure.

5. The human rights of the countries of Eastern Europe shall be inviolable.

He said the Soviet Union could sign such a declaration without loss of prestige.

Brentano said the Soviet menace in Europe had never been greater and that 22 crack Red army divisions were poised in Eastern Germany. He said first class Soviet divisions had been marched into Hungary and that Kremlin control of Bulgaria and Romania had been tightened up.

He warned that an uprising in Eastern Germany could bring the world to the brink of global war and that the tragic events in Hungary would be repeated on an even bigger and bloodier scale.

Paris Democrat Blasts Daley Power in Party

Charges One-Man Show in Selection Of Candidates

SPRINGFIELD (U.P.)—Paris Democrat John R. (Buck) Asher today accused Chicago Mayor Richard J. Daley of running a one-man show in picking Democratic candidates for state offices.

Asher, a Democratic state central committeeman, jumped into the party squabble over Daley's power here Wednesday when he sent a statement to all legislators and party county chairmen in which he said election laws should be amended to provide popular election of county chairmen every two years in the primary.

He also urged abolishment of state central committees of both parties.

Asher said Daley's handpicked Democratic state candidates included Sherwood Dixon, who was named to run for governor in 1952, Herbert C. Paschen, who was given the organization's backing in the 1956 primary for governor, and Richard B. Austin, who replaced Paschen on the ticket.

Gov. William G. Stratton, Asher charged, was guilty of the same kind of one-man rule in naming Elbert S. Smith to replace Orville E. Hodge as GOP candidate for state auditor.

Asher said a number of changes should be made in the law to limit the authority of party central committees and give the party voters a greater choice in naming candidates.

Among them he listed proposals to elect the county chairmen, now chosen by precinct committeemen, in the primaries every two years, and eliminate the necessity of voters declaring their party affiliation in the primaries.

The party dispute over Daley's authority was touched off by former National Democratic Chairman Stephen Mitchell, who has criticized Daley's leadership.

Jury Incomplete In Hardin County

118 Excused Since Opening of Murder Trial

ELIZABETHTOWN, Ill. — The jealousy-tinged murder trial of Mrs. June Davis and her daughter still lacked a jury as 32 prospective jurors were dismissed.

A total of 118 jurors have been excused since the trial opened Monday. Four jurors have been impaneled, and one remained seated in the jury box after Wednesday's session.

Mrs. Davis and her 18-year-old daughter, Betty, are accused of beating to death a former Cave-in-Rock girl, Betty Joiner, 19, the night of July 1, 1955, on Ill. 1, a mile north of Cave-in-Rock.

Most jurors were dismissed Wednesday in Hardin Circuit Court for having a fixed opinion about the guilt or innocence of the defendants through hearsay and newspaper or magazine articles.

Judge B. W. Eovaldi said Monday he thought some jurors were trying to evade jury duty by claiming prejudice.

The Davises were indicted for murder Sept. 27, 1955, after a July 5 inquest returned a verdict of "cause unknown."

The mother and daughter are accused of killing the Hartford, Conn., girl after she accepted an automobile ride toward Elizabethtown from Glenn Elwood McDowell, a suitor to Betty Davis.

Allegedly, the Davises forced McDowell's car off the highway, pulled Betty Joiner from the car and started hitting her and McDowell. Miss Joiner ran screaming down the highway and was struck by a south-bound auto driven by Bernie Herrmann.

Snowstorm Hits Upper Midwest, Causes Traffic Snarls, Crashes

By United Press

A sudden storm that snarled traffic in the Midwest with a 2.5 inch snowfall raced eastward today and weathermen warned of similar accumulations in parts of New York, Pennsylvania and New England.

Showers and thunderstorms continued to drench the Northwest, swelling streams to flood stage and forcing residents to evacuate their homes in some Oregon lowland sections.

The snow storm, which began Wednesday in an area from South Dakota to Colorado, swept across Iowa, Kansas, northern Missouri, southern Minnesota, southern Wisconsin and northern Illinois and lower Michigan.

Freezing rain to the south of the storm glazed highways in northwestern Ohio.

Scores of traffic accidents, including a number of fatal crashes, were reported in the snow swept Midwest.

At Milwaukee, traffic was jam-

med by a 5-inch fall that prompted city officials to declare a snow emergency. The entire city snow removal force was called out to clear roads and streets.

High winds accompanying the storm assumed gale proportions over the Great Lakes, whipping up 20-foot waves on the lakes. Coast Guard officials said an 81-foot freighter, White Swan, grounded near Charlevoix, Mich.

Heavy snow in northwestern Canada threatened to bury the fate of 62 persons lost in the crash of a Trans Canada Airlines plane near Vancouver, B. C., until next spring.

At Sioux City, Iowa, a bus skidded and collided with a car on a city street, killing a 78-year-old woman and injuring 12 persons.

A fire in a Duluth, Minn., home killed two small children who were trapped in their second floor bedroom. A mother and three of her four children were killed in a fire that destroyed their home at Vancouver, B. C.

Baby Nudges Gearshift Lever, Careening Auto Kills Pedestrian

DANVILLE, Ill. (U.P.) — A 9-month-old baby nudged a gearshift lever and sent an automobile careening down a busy downtown sidewalk here Wednesday.

A pedestrian, Mrs. Emma Salmon, 65, Milford, was killed before the automobile was brought under control. Another woman was slightly injured when she fainted.

Robert Thompson, 72, rural Danville, driver of the car, said his little grandson bumped the gearshift and slipped the auto into gear.

Thompson said his foot slipped off the brake and onto the accelerator, which jammed. The car rolled onto the sidewalk, bounced off two store fronts and back into the street, where it continued on for a block before Thompson was able to stop it.

Seminary Extension Classes Will Begin Here January 3

Classes will begin Jan. 3 in the Seminary Extension Center of Harrisburg. Courses offered will include Pastoral Counseling and Church History, to be taught by Dr. H. L. Waters. A third course, "Church Recreation," will be taught by the Rev. Eddie Hatfield of Eldorado.

All classes will meet at the First Baptist church in this city. Persons interested are advised to contact the registrar, Wm. B. Fuson, prior to the date of opening classes.

Since the opening of the Extension Center in this city there have been 160 persons enrolled in 285 different courses. The Executive committee has expressed appreciation for the way in which the people in this city and surrounding communities have taken advantage of the unusual opportunities afforded through the center. Six different denominations have been represented.

The treasurer reports the center has operated for two years on less than \$2,500. This low-cost operation makes the registration low enough for all interested to enroll.

Arrest Doctor As Cat Burglar

\$15,000 a Year Anesthetist Blames Overwork

BELMONT, Calif. (U.P.) — A \$15,000-a-year doctor arrested as the "cat burglar" of this suburban community said today he "became unglued" because of overwork.

Dr. John Francis Riordan, 35, anesthetist at San Mateo's Community Hospital, was arrested Tuesday as he stepped out of surgery. Police gave no details of the burglary with which he was charged.

However, Riordan admitted he had entered one home in his neighborhood, jimmying a rear door with a metal rod. After he got inside, he said, he heard the radio playing, realized someone was at home and fled.

Riordan himself announced his arrest at an extraordinary press conference Wednesday. Present were San Mateo county authorities and Dr. Harold Chope, San Mateo County health director and Riordan's superior.

Riordan is married and the father of a 7-year-old daughter.

"This man is not a criminal," Chope said. "He has a mental illness. I've been trying for four months to get some help at the hospital for him. This incident resulted from an emotional strain."

Chope said Riordan had been working 50 to 60 hours a week. "When he becomes too fatigued, he lacks the strength to fight back the compulsion to do something irrational," Chope said.

Chope said Riordan was worried over his ailing wife, who is preparing to undergo major surgery. Riordan was released on his own recognizance to Chope. He returned home where he played host at a pre-Christmas party Tuesday night for friends and neighbors who had no inkling then of his arrest.

Chope gave Riordan a few days off to rest. He said Riordan will remain on the hospital staff, but with a lightened work load.

Friends, Relatives Rally to Aid of Parents Trying to Save Life of Boy

Leukemia again is plaguing three-year-old Dickie Gleyre, whose parents are former Carrier Mills residents now living in Pontiac, Mich., and the parents, relatives and others are trying desperately to save the life of the twin son of Mr. and Mrs. James Gleyre.

About six months ago it was learned that Dickie was suffering from leukemia and expenses ran high. Four types of drugs were used in an effort to combat the disease.

Carrier Mills people and organizations rallied to help the parents with their financial contributions and the boy appeared to be improving.

The mother followed up with a letter which thanked publicly the people of Carrier Mills for the help they had given.

But Dickie now is in a critical condition and a fifth drug is being tried. This comes expensive and his father, who suffered a crushed foot recently, is working daily at the Fisher Body Co. plant wearing a housecoat because money is needed so badly.

One of his grandparents, Mrs. Minnie Gleyre of Carrier Mills, is up in Pontiac now. The other grandparents are Mr. and Mrs. Carl Rice, also of Carrier Mills.

Yesterday, the little boy's aunt, Mary Rice, and Kathleen Holland, both of Carrier Mills, began seeking contributions from people to help the Gleyres in Pontiac to do everything in their power to save the life of their little boy. They secured \$65 yesterday afternoon.

At the end of four days, they will send the money they have collected to Pontiac.

The parents had planned to take Dickie and his twin brother, Rickie, to uptown Pontiac to see a Christmas parade and Dickie was to have gone to Detroit for a Christmas party given by the Leukemia Foundation, but the trips had to be called off.

The Pontiac Press was waiting uptown to take a picture of Dickie on the parade day. Although they could not get his picture, the newspaper wrote a nice article about him.

Child Dies After Drinking Fuel Oil

SECOR, Ill. (U.P.) — A year-old child died at Eureka Hospital late Wednesday after drinking fuel oil at her home.

The little girl, Paula, daughter of Mr. and Mrs. Mitchell Ledford, Secor, found the fuel oil and drank a quantity of it before she could be stopped, authorities said. A coroner's jury ruled the death accidental.

Mahin said the federation did not take a stand on the bill, although Union Electric representatives did explain to him what it was about before the bill was introduced.

Hoffman said he was questioned about the Illinois and Chicago bar associations' stand toward the bill, and his conversations with Union Electric officials concerning it.

Stoddard said he was still undecided when someone from his office would interview Hodge at Menard Prison, although he expected Hodge would have to be questioned concerning the case.

The grand jury is investigating possible violations of the Public Utility Holding Act which prohibits political contributions by utilities.

Admits Killing, Says Shooting Was Accidental

Roommates Tell Of Incident Fatal To Robert Batura, 19

CARBONDALE, Ill. (U.P.) — An inquest was scheduled tonight into the slaying of a Southern Illinois University football star by his portly roommate during a dispute over a minor prank.

Fred Sinroll, 20, Sterling, Ill., admitted killing one of his three roommates with a shotgun blast Wednesday, but claimed the shooting was accidental. He was held without bail on murder charges filed by Sheriff Howard Cheatham.

The victim, Robert Batura, 19, Danvers, Mass., a sophomore and star pass receiver on the SIU squad, was shot in the head at point blank range by a charge from a 12 gauge shotgun.

The other two roommates, John Abromovitch, 21, Haverhill, Mass., described as "practically a brother" to Batura and Henry Hillman Jr., 18, Park Ridge, Ill., were hospitalized for shock after the shooting.

However, Abromovitch, an orphan who entered school here with Batura, later was released to accompany his friend's body back to Massachusetts. Abromovitch is captain-elect and center on the SIU grid squad.

Campus Shaken By Tragedy

Coach Al Kawa also accompanied the body to Danvers.

Kawa, who had worked closely with the star end on the SIU football team, said "if I had a boy, I would want him to be just like Bob."

The campus was shaken by the tragedy, and students found it hard to concentrate on final exams which started Wednesday.

"I couldn't study last night for thinking about the shooting," one student said.

Dean of Men I. Clark Davis said students living in on-campus residence halls are required to check their firearms with counselors at the halls. But he said the university could not enforce any ban on hunting weapons among students who room off-campus.

Roommates Tell Story

Policeman James Sterns, who investigated the slaying, said he found Sinroll sitting on a footlocker and sobbing:

"I'm a young man. What is going to happen to me?"

His roommates told authorities Sinroll became furious when they stripped the blankets and sheets from his bed and hid them while Sinroll was downstairs calling his girl.

Sinroll began cursing and dragged out a shotgun he used for pheasant hunting. He loaded the gun and placed it on his bed.

"We thought he was just acting big," Hillman said.

Batura told Sinroll to move the gun, which was pointed at him, the roommates said. Sinroll refused so Batura said "then I'll move it" and made a move toward the gun.

The youths said Sinroll then grabbed the shotgun and it went off, hitting Batura in the head.

Dangerous December

Editorial — BY BRUCE BLOSSAT
Because December is the worst
month of the year for traffic fa-
cilities, it has been chosen to lead
off the National Safety Council's
newest and most vigorous cam-
paign for safe driving.

Labeled "Back the Attack on
Traffic Accidents," the campaign
takes especial force from the fact
that 1956 seems destined to go into
the records as the worst in traffic
history.

December is a chief contributor
to the dismal statistics because of
these principal factors: snow and
ice, long hours of darkness, and
holiday drinking.

Last Christmas a record 600 per-
sons were killed in motor acci-
dents. Drinking drivers were in-
volved in 55 per cent of the fatal
misadventures, though normally the figure
is 30 per cent. And speed was a
factor in 85 per cent of cases,
against a usual 35 per cent.

Obviously Christmas and New
Year's celebrations open the way
for a spree of carelessness at the
wheel which brings havoc to many
American families.

This year every driver in the
land ought to paste that figure of
600 deaths in his hat and remem-
ber it when the time comes to de-
cide whether he wants both the
bottle and the throttle to be joined
in his holiday celebrations.

As for the peril of darkness, it
should be noted that of last year's
Christmas deaths 75 per cent oc-
curred in the dark hours between
5 p. m. and 7 a. m. Darkness has
long been one of the greatest en-
emies of safety on the streets and
roads, and there is more of it in
December than any other month.

No one really needs to be told
of the hazards of snow and ice.
But all too many drivers appear
to forget the safeguards they must
take to protect themselves and
others under these conditions.

Naturally it is incumbent on
them to have their cars in good
shape, with snow tires or chains
where circumstances dictate, with
good visibility maintained, and so

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says:
Congressman Powell Got Po-
litical Double-Cross On His
Income-Tax Probe; He Had
Worked With Nixon On Switch
To Ike; His Former Cam-
paign Manager Talked To
Justice Department.

WASHINGTON. — The sorest
man in America today against the
Eisenhower administration is
Adam Clayton Powell, the Negro
congressman from Harlem, who
bolted the Democrats to plug for
Ike and now finds himself before
a grand jury for income-tax eva-
sion. The inside story is illumi-
nating.

Early last summer, Powell
learned that he faced an income-
tax probe. Three of his assist-
ants had been indicted for tax
violations. He went to see Vice
President Nixon. Just what hap-
pened between them is not known,
but Powell, as reported in this
column on August 19, wrote Nixon
that he was "ready and willing"
to campaign for Eisenhower.

Powell then went abroad, duck-
ing out on the crucial part of the
congressional fight for schools and
civil rights. From Italy he tele-
phoned his assistant, William
Hampton, now under indictment,
and dictated another letter to Nixon,
plus a letter to Max Rabb, the
White House assistant in charge
of minorities, expressing his will-
ingness to campaign for Eisen-
hower-Nixon.

This was quite a switch for the
Negro congressman from Harlem.
He had been severe in his castiga-
tion of Eisenhower in the past.

HOW TROUBLE BEGAN

Earlier, however, Powell's 1954
campaign manager, Joseph Ford,
had broken with him and taken
with him some of the congress-
man's financial records. Ford got
together with Powell's primary
opponent Herbert Bruce. A letter
was written to the Justice De-
partment which led to the income-
tax investigation of Powell and
the indictment of his three secre-
taries.

Among the financial transac-
tions investigated was the man-
ner in which Powell's staff, while
working for him in Washington
and paid by the taxpayer, also
worked for his various private in-
terests in New York.

Two of Powell's congressional
secretaries, Acy Lennon, now con-
victed, and William Hampton,
now indicted, were each paid \$8-
000 a year in addition to their con-
gressional salaries from the Dorie
Millet Houses on Long island. This
was an interracial housing
cooperative project in which Pow-
ell was interested. Its promoter,
David Kent, loaned Powell \$3,000
to buy an imported European
sports car, and Internal Revenue
agents have been investigating
to see whether the \$3,000 was ever
paid back, and, if not, whether he
paid taxes on it.

This writer has unearthed evi-
dence on three congressmen for
taking kickbacks from their secre-
taries, which led to their con-
victions. But in the case of Rep-
resentative Powell, it was his secre-
taries who went to jail or were
indicted, not he who presumably
benefitted from the alleged kick-
backs.

The attorney who handled the
original grand jury investigation
of Powell and his staff last spring
was Sam Pierce, Jr., a Negro at-
torney with a fine record, then
assistant U. S. Attorney in New
York. He either indicted or helped
prepare the indictments of
Powell's three secretaries. Then
suddenly he was transferred to
Washington, first to the Labor De-
partment, then to a job with the
House Judiciary committee under
GOP Congressman Keating of New
York. Later he took leave to
campaign for the Republican Na-
tional committee.

WHITE HOUSE PREPARATIONS
During all this investigation, an
ultra-secret meeting was arranged
between Congressman Powell,
Democrat, and Max Rabb, White
House aide, plus Charley Willis,
former White House aide, now an
official of the Grace Steamship
company.

Nixon had turned Powell's let-
ter over to Willis to arrange for
the switch to Eisenhower in a
manner which would swing the
most votes. For some time dur-
ing the campaign this fall, the
chief job of Charley Willis was to
chaperone Powell and make sure
nothing went wrong with his
switch to Ike.

The Powell declaration was con-
sidered so important that Max
Rabb went to New York personally
to bring him to Washington
to meet the President. In Wash-
ington Powell met separately with
Chairman Len Hall; Val Washing-
ton, Hall's Negro assistant; Sher-
man Adams; and finally with Eis-
enhower himself. Afterward Jim
Hagerty called a special press
conference for Powell to make
his announcement.

So you can see why the con-
gressman from Harlem, after get-
ting all this attention, is now sore
at finding himself before a grand
jury.

However, this was not all. Char-
ley Willis and Max Rabb went
back to New York where the con-
gressman held another press con-
ference in Harlem. John Roose-
velt, youngest son of the late
President, was also present.

TERMS OF THE DEAL

Here is the deal made with

Powell in return for his "throw"
to Ike:

1. Powell's faithful secretary,
Hattie Dodson, who refused to
testify against him in court, was
to be released in the middle of a
seven-month sentence. This was
done on October 17.

2. Another Powell friend, Fred
Weaver, assistant housing com-
missioner in New York, to be given
a federal job. During the
course of a conversation in New
York, Weaver denied to Jack An-
derson of this column that he had
been offered a federal job, but
Congressman Powell interrupted to
say: "I'm going to see that he
gets one. I'm going to talk to
Max Rabb about it right now.
Fred owes me money and that's
the only way I'll get it."

3. Powell to appoint eight to ten
federal jobs in the New York
area.

4. Willis' father-in-law, Harvey
Firestone of Firestone Rubber, to
help raise a large campaign fund
by which Powell was to swing
Negro votes. This fund was men-
tioned as around \$150,000.

Finally it was supposed, pre-
sumed, and believed that part of
the deal was that the Justice De-
partment would forget the case
against Powell. That's why Capitol
Hill is watching to see what hap-
pens before the grand jury.

Note: Powell has called at the
White House twice since the elec-
tion to straighten out his tax trou-
bles. He was unable, however, to
quash the case.

ALL THE OTHERS SIMPLY PROVE ...

The '57 Pontiac is America's Number 1 Road Car!

Months ago, Pontiac set its '57 sights on producing an engineering classic—the greatest road car in automotive history! How well did they succeed? One answer is pictured here, the all-new '57 Pontiac itself, a car so advanced in concept that other new cars merely emphasize its outstanding design, its brilliant array of first-time features! The other answer is the public's response to this road-ruling beauty. From every quarter of the nation has come wave after wave of confirming praise. Praise for Pontiac's styling—its crisp, colorful lines and flowing contours that accent beauty built in, not hung on! Praise for new Level-Line Ride—the advanced suspension system that cradles you in cloud-soft comfort. Praise for Pontiac's ease of handling! Praise for the brisk and eager response of its all-new Strato-Streak V-8 engine! And underlying this tremendous voice of approval is the confidence felt in a car which has undergone the greatest road test in history . . . Pontiac's grueling 100,000-Mile Marathon Run! Yes, this year it's Pontiac all the way! Come in and see it! Come take the wheel of America's No. 1 Road Car!

Johns-Cederberg Marriage Solemnized At New Burnside First Methodist Church

Mr. and Mrs. Richard Daniel Cederberg (Foster Studio Photo)

A chancel decorated in ivy and a white satin altar draped with ivy and flanked with large standards of white gladioli was the setting for the wedding of Miss Mary Ann Johns of 5614 North Kedzie Avenue in Chicago and Richard Daniel Cederberg, also of Chicago, which took place Sunday, Nov. 25, at 1 p. m. at the First Methodist church in New Burnside.

Rev. Preston C. Brown, brother-in-law of the bride, performed the double ring ceremony.

The bride, who is the daughter of Mr. and Mrs. William Hal Johns of New Burnside, chose for her wedding a ballerina length gown of white tulle with lace over satin designed with a scalloped sweetheart neckline and short shirred sleeves. The hemline of the skirt was also scalloped. She wore matching lace mitts and a fingertip veil of nylon net held in place by a satin tiara flecked with sequins and pearl. She carried a white Bible overlaid with a white orchid and lilies of the valley with white satin streamers. Matron of honor was Mrs. Preston C. Brown, sister of the bride. She wore a frock of light pink crystal with matching head-dress and she carried a colonial

bouquet of white and pink baby mums.

James Hindmarsh was best man and ushers were Bennie Russell and Reginald Rodman.

Janice Rude, pianist, played "Romance," by Debussy, "On Wings of Love," Mendelssohn, and the traditional wedding marches. She also accompanied Margaret Gillespie who sang "Thine Alone," and "I'll Walk Beside You."

The bridegroom's mother wore a charcoal dress with pink accessories and a pink glamelia corsage. Mrs. Cederberg wore dark blue with white accessories and a white carnelia corsage.

A reception was held in the lower rooms of the church where wedding cake and punch were served from a lace covered table decorated with white tapers and ivy.

The bride is employed as secretary for Electro-Data Divisions of Burroughs in Chicago, and the bridegroom is an electrical engineer for Motorola in Chicago. They are now at home at 5614 North Kedzie Avenue in Chicago.

Among the out of town guests were Mr. and Mrs. Edward Cederberg, parents of the bridegroom, Mr. and Mrs. E. L. Cederberg, brother and sister-in-law of the bridegroom, all of Chicago, Rev. Preston C. Brown and Mrs. Brown from Frankfort, S. D., Mr. and Mrs. Bill Braden of Robinson and Mrs. Charles D. Brown of Robinson, Mr. and Mrs. Walter Collins of West Frankfort and Mr. and Mrs. Hugh Bryan of Marion.

Annual Christmas Party By B. & P. W. Club

Harrisburg Business & Professional Women's club held its December dinner meeting Tuesday evening in the fellowship hall of the First Christian church at 6 o'clock. Preceding the dinner the group sang "Silent Night" with Mrs. Ruth Thompson at the piano.

Mrs. Nelle Meyers read the collected. Mrs. Edna Lewis presided during the short business meeting. Immediately following the dinner everyone went to the home of Mr. and Mrs. H. C. Lewis, 219 South Webster, for the club's annual Christmas party. The home was beautifully decorated with Christmas tree, candles and greenery. Club pals were revealed as each guest unwrapped her gift and names were drawn for the coming year. Games were played and fruit punch and little cakes were served by Mrs. Lewis.

Those present were Mesdames Amy Miley, Nelle Meyers, Marie Cooley, Harriett Land, Zola Y. Sloan, Ruth Thompson, Geneva Mitchell, Annabelle Melton, Beatrice Sprung, Mary Lois Bynum, Mary Price, Jeannette James, Mary Richardson, Meriam Evans, Ruby Thomas, Iris Craggs, Elizabeth Myrna and Mary Jo Bynum who was the guest of her mother. Also present were Mrs. Mussie Gossage, Mrs. Gertrude White, Lt. Mildred Wallace and Miss Marion Galde-man, all new members of the club.

Mr. and Mrs. James Fowler celebrated their three years of married life Dec. 5 with open house for friends and relatives. All left wishing them many more happy returns of the day.

Miss Carrie Templeton, of Glendale, Calif., former Harrisburg resident, is spending the winter in Harrisburg and friends may call on her at the home of Miss Mable Maloney or Mrs. Juliet Stanley.

Mrs. J. A. Musgrave Speaker at Eldorado Woman's Club Meeting

Mrs. J. A. Musgrave was a guest speaker Tuesday at a meeting of the Eldorado Woman's club, to which were invited the ministers of Eldorado and their wives, cordially welcomed by the president, Mrs. Athel Mathias. Eleven were present.

Mrs. Musgrave, who has an interesting collection of bells, spoke on the subject of bells at this meeting, which was held at Calvary Baptist church. Total attendance numbered 67.

Mrs. Musgrave is a member of the American Bell association, the chief project of which is to restore the ringing of church bells as a call to worship. She was presented by Mrs. Von L. Baker, program chairman, and former president of the Eldorado club.

Nehru Estimates 75,000 Hungarians, 7,000 Soviets Dead

NEW DELHI (U) — Prime Minister Jawaharlal Nehru estimated today in Parliament that 25,000 Hungarians and 7,000 Soviet troops had been killed in the Hungarian revolution.

Nehru said there is no large-scale fighting going on in Hungary at present but a considerable measure of passive resistance.

He said Ambassador to Moscow K. P. S. Menon reported he found conditions in Budapest "reminiscent of the civil disobedience movement in India" against the British.

Nehru sent Menon from Moscow to Budapest for a first-hand investigation of conditions in Hungary.

Marine Prisoner Fatally Shot

SAN DIEGO, Calif. (U) — A Marine Corps court of inquiry scheduled an investigation today into the fatal shooting Wednesday of a Marine prisoner who broke from his guards and failed to halt when ordered.

The names of the prisoner and the guard who shot him were not released immediately.

Marine Corps officials at the recruit depot here scheduled a court of inquiry immediately following the shooting.

A Marine spokesman said the prisoner broke away from two guards while being returned to the brig after having undergone a medical examination to determine his fitness for confinement.

The spokesman said the prisoner ignored repeated warnings "to halt" and the guard took aim and fired, felling the victim with a single shot. The prisoner died instantly.

Foil Bomb Plot to Blow Up British Ship

BELFAST, Northern Ireland (U) — Police foiled a bomb plot to blow up a British naval vessel here today in another apparent attempt at violence by the outlawed Irish Republican Army.

A 200-stick dynamite time bomb stuffed into an attache case was found on a dock within yards of the obsolete British training cruiser HMS Caroline. It was found scant hours before it was set to go off.

Record School Funds Needed, Educational Council Advised

CARBONDALE, Ill. — The largest state appropriations for education in the history of Illinois will be required in the 1957-58 biennium to cope with rising costs and spiraling school enrollments, board members of the Educational Council of 100 learned this week at a meeting at Southern Illinois University.

Two state senators and two representatives, guests of the Council, also heard reports on increased educational needs from speakers representing the Illinois School Problems Commission, Southern Illinois University, State Teachers' Retirement System, Office of the Superintendent of Public Instruction, and the Illinois Education Association.

The legislators were Sen. R. G. Crisenberry, Murphysboro; Sen. William Grindle, Herrin; Rep. Gordon Kerr, Brookport; and Rep. Paul Simon, Troy.

Jehovah's Witnesses Training Program at Mt. Vernon Dec. 14-16

The Harrisburg congregation of Jehovah's Witnesses will be represented by approximately 30 persons at the semi-annual three day training program held in the Army 207 South Seventh street, Mt. Vernon, Ill., December 14, 15, 16. The convention is for Bible instruction and concentrated gospel preaching in this area, presiding minister for the group, Oral E. Partain, announced today.

All three days of the assembly will consist of morning, afternoon, and evening sessions of Bible talks, discussions, and demonstrations, which are open to the public without charge.

A similar meeting, representing nineteen congregations was held six months ago in Benton, which 800 of Jehovah's Witnesses attended. It is expected that one thousand or more will attend the Mt. Vernon gathering.

R. L. Anderson of New York will be the featured speaker of the event. He will appear on the program all three days and will deliver the main public address at 3 p. m. on Sunday, Dec. 16. His subject is "What Will Armageddon Mean For You?"

Delegates from Illinois, Indiana, and Kentucky will attend this circuit assembly.

Problems Commission, said that the legislature must appropriate at least \$63,000,000 for the next two years beyond the \$201,000,000 granted in 1955-57 merely to continue the state's program of public education at its present level.

Need Building Fund
He said he expects the Commission to recommend establishment of a \$12,000,000 revolving fund for financing school building construction. Under the plan, the state would retain title to the new buildings until school districts repaid their indebtedness on an installment plan. Only districts which have exhausted their bonding power would be eligible, Alexander said.

The Commission representative also said that the formation of a new state board of equalization would be proposed. This group, he said, representing both political parties, would take over the tax assessment functions now performed by the State Department of Revenue.

Alexander said inequalities in general property tax assessments, where about 80 percent of school revenue comes from, is "a matter of great concern among schoolmen throughout the state."

Stresses Need of SIU
Southern Illinois University President Delyte W. Morris, pointing out that SIU's enrollment has doubled to 6,255 students in four years, emphasized the need for funds for improving the existing educational program and preparing for continued enrollment increases.

George H. Hand, SIU vice-president for business affairs, cited the shortage of buildings. Twelve more structures costing \$29,000,000 are being sought, he said, including buildings for physical education and military training home economics, education, and student housing.

The University officials said the legislature also would be asked for funds for raising faculty and staff salaries, acquiring land, completing and renovating existing buildings, and increasing area services.

Aubrey Holmes, executive secretary of the Teachers' Retirement System, termed the state's survivor benefits program for teachers inadequate and asked for increased appropriations for the teacher retirement fund.

Samuel M. Bishop, chief statistician for the Superintendent of Public Instruction, said any cut in state aid to schools "in the crucial years ahead would have serious implications for every school in the state."

Wayne Stoneking, representing the Illinois Education Association, said increased school funds could best be obtained through a state income tax "to spread the tax load more equally."

Christmas Decoration Show Sunday in Art Room at Junior High

A Christmas Decoration show will be held from 2 to 5 p. m. Sunday in the art room of the Harrisburg Junior high school and everybody is invited by Mrs. H. B. Bauman, art supervisor, to attend.

She added that if persons desiring to see the exhibits cannot do so on Sunday they may come Monday during school hours.

She said the Church street entrance to the school should be used.

All of the decorations have been made by Mrs. Bauman's art students. They include paper decorations, and decorations for mantels and doors. After the show, the students will take them for use in their homes.

Woman, Married on Top of Ferris Wheel at Chicago World Fair, Dies

DENVER (U) — Mrs. Olive R. Claggett, 81, who was married at the top of a ferris wheel during the 1893 Chicago World's Fair, died at St. Joseph's hospital in Denver Tuesday.

Mrs. Claggett, a widow, broke her hip in a fall at her home two weeks ago. She died of a heart attack.

Car Stalled on Hill, Truman is Aided By Coastguardsmen

KANSAS CITY, Mo. (U) — The Coast Guard went to the aid of former President Harry S. Truman here Wednesday, but it was an unofficial mission.

The former President's car had stalled on a snow-slicked hill and Mr. Truman was surveying the situation uncertainly when James E. Summer, 19, a Coastguardsman on Christmas leave, and Larry Armstrong, 17, newly enlisted in the Coast Guard, arrived on the scene.

They jacked up Mr. Truman's car and installed chains.

Mr. Truman handed each man a silver dollar. He said he had been carrying the coins as good-luck pieces since he received them on his 70th birthday.

Report Horvath Will Replace Premier Kadar

UNITED NATIONS, N. Y. (U) — East European sources said today Communist Hungarian Foreign Minister Imre Horvath, who walked out of the U. N. debate on his stricken homeland, will return to Budapest to replace Janos Kadar as premier.

There have been recurrent reports — even in Hungary itself — that the Russians were ready to "dump" Kadar in view of his failure to win even a semblance of popular support and end opposition resistance.

The Hungarian delegation to the United Nations professed no knowledge of the report here and said Horvath had no plans to leave New York today.

Middle East sources doubted the Horvath-for-Kadar switch on the grounds that the Soviets would never let such information leak in advance.

The mild-looking Horvath arrived in New York last month to take charge of the Hungarian puppet regime's delegation while the United Nations was debating Soviet armed intervention against the Hungarian people.

He walked out of the General Assembly last Tuesday charging his government had been "rude and disgracefully offended" by the debate. He said the assembly debates violated the U. N. charter and his delegation would boycott the body as long as such discussion continued.

Walkout Has No Effect

The walkout had no effect on the assembly.

It voted 55 to 8 Wednesday night to condemn the Soviet Union for "depriving Hungary of its liberty and independence." There were 13 abstentions: Yugoslavia, Finland and 11 members of the Asian-African bloc, including India. Only the eight nation Soviet bloc voted against the resolution.

It was the strongest measure yet approved by the assembly in the Hungarian debate. A four-power Asian resolution was withdrawn after the overwhelming approval of the condemnation resolution sponsored by the United States and 19 other nations.

Heavy Russian Casualties Are Reported

VIENNA (U) — Defiant Hungarian workers extended their general strike indefinitely today. From the provinces came reports of new fighting and heavy Russian casualties.

Budapest's industrial plants remained closed in protest against the arrest and threatened execution of two top labor leaders. Provincial plants also stayed closed because of widespread arrests of other labor leaders.

Reports reaching Vienna said "at least 300" Russian soldiers have been killed and other hundreds wounded in almost continuous fighting around the Pecs coal mines in southern Hungary.

A Hungarian doctor who left Budapest this morning brought out this news, as well as a report that the "total" strike still gripped all towns and villages he passed on the way to the Austrian frontier.

Send More Soviet Troops
The violence and economic paralysis continued as the Soviet sponsored regime of puppet Premier Janos Kadar arrested scores of strike leaders and tightened its harsh control over the country.

There were other reports that the Soviets were rushing in new troops as fast as the single track Carpatho-Ukraine railway can carry them. Best estimates here were that up to three new Soviet divisions had been sent in to bolster the 12 to 15 Red army divisions already in revolt-torn Hungary.

Eisenhower Winds Up Vacation; Very Beneficial, Physician Says

AUGUSTA, Ga. (U) — President Eisenhower wound up a 17-day vacation today in what his physician called fine physical shape.

The chief executive, who has been vacationing at the Augusta National Golf Club since Nov. 26, planned to fly back to Washington during the afternoon, leaving Bush Field at 2:30 p. m. CST or shortly thereafter.

Press Secretary James C. Hagerty said that Maj. Gen. Howard McC. Snyder, the White House physician, said this morning that the chief executive had benefited materially from his stay here. The President has played golf almost every day, his first extended period of exercise since his Sept. 24, 1955, heart attack.

"Doctor Snyder said he thought the time down here had been very beneficial to him (the President)," Hagerty said. "This was the first opportunity the President had to get a prolonged period of exercise which he needed."

"His condition is fine and his muscle tone is excellent."

Following his return to Washington aboard the presidential plane Columbine III, Mr. Eisenhower will send the plane to London Saturday to pick up Indian Prime Minister Jawaharlal Nehru who will visit the chief executive in the nation's capital.

Nixon to Austria

The vacation White House announced late Wednesday that Mr. Eisenhower is sending Vice President Richard M. Nixon to Austria immediately after Nehru's visit. The vice president's trip begins a dramatic new phase of Hungarian relief efforts by the United States.

Mr. Eisenhower late in the last full day of his pre-Christmas vacation announced he is sending Nixon as his personal representative to Austria to help that beset country with its Hungarian relief problems.

The White House said Nixon will make a brief trip, leaving Dec. 18 and returning Dec. 23, to consult with American, Austrian and international officials about helping and resettling Hungarian refugees.

The vice president also will "visit while there are as many as possible of those who have recently escaped from oppression" by the Russians, the White House said.

Sets Up Special Committee

The President also set up a special committee to become a "focal point" of American aid to the Hungarian refugees, by coordinating work of government agencies and of private endeavors such as fund-raising drives.

Court Demands Integration Plans Of Two Schools

OWENSBORO, Ky. (U) — A Federal Court Wednesday gave two school boards involved last fall in racial disturbances until February to file integration plans.

Judge Henry L. Brooks passed until further court orders the cases involving eight Negro students denied admission to the Sturgis High School and four pupils refused admission to the Clay Elementary School.

The judge directed the Union County and Webster County school boards to file plans for integration in their school systems.

Eight children and their parents filed suit last fall asking a permanent injunction to prohibit Union County School officials from refusing to admit Negroes to the all-white Sturgis school.

Their entrance touched off a student boycott which ended only when the state attorney general's office ruled they were attending school illegally, and they were refused admission.

The committee is to be headed by Lewis W. Douglas, former ambassador to England, as honorary chairman, and Tracy S. Voorhees, special presidential representative on Hungarian relief problems, as the working chairman.

Mr. Eisenhower wound up a work-and-play vacation of 2½ weeks at the Augusta National Golf Club during which he kept in close touch with Washington because of tense international developments.

Fall Communicable Disease Control Program Closes in Local Schools

The Harrisburg Public Schools brought to a close the fall communicable disease control program with a total of 966 DPT shots being given in four clinics. Two clinics were held at Horace Mann school and two at McKinley, with the school nurse, Mrs. Ethel Mathias, in charge. Drs. B. E. Montgomery, G. R. Johnson, Frank Skaggs and Carl Hauptmann gave the triple antigen using the multiple syringe technique. In the spring doctors who did not help in the fall clinics will have opportunity to share in the health program.

Teachers have recently released by way of the children the consent forms signed by the parents or guardians of those taking part in the program. The consent plainly states what was given to the child in the clinic and is returned to the parent to encourage them to familiarize themselves with the immunization or shot their child received through the school; to urge keeping a family record of the child's immunization that school and family may work together effectively; and to stress the importance of seeking from the family doctor on a private pay basis any incomplete immunizations.

St. Mary's Discussion Club Holds Final Meeting

The Confraternity of Christian Doctrine Discussion club of St. Mary's church, under the leadership of Julius Steinmacker, held its last meeting of the fall sessions on Tuesday, Dec. 11, in the dining hall of the church.

A bountiful supper was served and the children exchanged Christmas gifts. Father T. G. Bruns was guest of honor. Those present were Mr. and Mrs. Julius Steinmacker and children, Ruth and Frankie, Mr. and Mrs. John Pickford and children, Joyce, Larry, Judy and Mike, Mr. and Mrs. Andy Tempco and children, Suzie, Brandy and Anne, Mr. and Mrs. Louis Humm and children, Margie, William and Carolyn, Mr. and Mrs. Joe Matthews and daughter, Connie Jo.

Dr. Cross Urges Polio Shots for All Under Age 45

SPRINGFIELD (AP)—Dr. Roland R. Cross, state public health director, today urged all persons under 45 years of age to obtain vaccinations against polio.

"Another polio season will be starting next spring and we must begin to build our defenses now," Cross said. He said it is still important that all children be vaccinated and "we must also emphasize the need for vaccinating all persons under 45 years of age."

The incidence of polio is very low in persons over 45. Cross said the State Health Department is seriously concerned about lack of public response to the availability of polio vaccine. While state and federal funds for purchase of the vaccine for free distribution in Illinois have been largely used up, he said, an adequate amount of the vaccine is still available commercially to private physicians.

Campaign Newsmen Rate Eisenhower Relations 'A-Plus,' Stevenson 'D-Minus'

WASHINGTON — Newsmen who covered the election campaigns of the four major candidates gave President Eisenhower's public relations team an "A-plus" and Adlai E. Stevenson's camp a "D-minus."

They said Vice President Richard M. Nixon did the best job personally for news media. They said Sen. Estes Kefauver was likeable and cooperative.

The findings were made public Tuesday after a survey of newsmen by Ludwig Caminita Jr., a local public relations counselor.

All reporters questioned personally covered one or more of the major candidates. There were 44 replies to the survey.

From a public relations standpoint, the survey said, Mr. Eisenhower and Nixon conducted campaigns "that were efficiently organized to provide all news media with every possible help."

The reporters gave top credit to the President's staff, headed by Press Secretary James C. Hagerty, for a "very effective job of organizing."

The survey said reporters gen-

erally scored Stevenson "as an uncooperative personality who made it difficult for people to cover him adequately."

It said Kefauver's staff was cooperative and helpful and that the senator "came out much better as a personality than did Stevenson."

Both Nixon and Kefauver personally were praised for "full cooperation" with newsmen.

Navy to Enlist Special Southern Illinois Company

A special Navy recruit squad, to be called the Pyramid Squad, will be enlisted from the southern Illinois recruiting area on Jan. 22, 1957. Chief Tom Ambrose, recruiter in charge, states that this squad along with two other groups from the Effingham and Paducah areas which are to be enlisted on the same date, would form a complete recruit company to be called the

New Era Navy Company No. 3. The company will undergo nine weeks recruit training as a unit at the Naval Training Center, Great Lakes, Ill. The men of this company will be granted 14 days leave upon completion of recruit training and prior to their first Navy assignment to service schools, ships and stations.

In addition to this company, the St. Louis Recruiting District will enlist three additional companies during the month of January.

Mayor Claud Gibbons of Harrisburg and Mayor Carl Johnson of Eldorado have issued proclamations designating 1957 as "Operation New Era Navy" year.

The Navy recruiting station is located at the Post Office Building, Marion, Ill.

PATHS through the drifts had now been made connecting every house and store. They took Pace on a roundabout course but he finally came to the Rikes house.

He knocked impatiently. The door jerked angrily open and Tex glared at him. Darrow's scowl vanished and the mean eyes widened.

"Pace!"

Tex stepped aside and Pace entered. Tex led the way down the hall and up the stairs with the jaunty air of a proprietor. Pace followed, studying the assured back just ahead of him and feeling more certain than ever that he had full control of the situation. Tex called ahead.

"We got company, Ava. Pace Odum."

She stared owlishly at Pace, her once magnificent eyes dulled and bleary. Her face was sagged and yet she still had a great animal magnetism showing in the full lips that pouted slightly.

"Don't I know him?" she asked, lifting a languid finger toward Pace. Tex dropped his arm familiarly about her shoulder.

"Sure, sure, Honey. He's my friend."

"Then you're welcome, mister. Tex'n me like friends . . . lots of 'em." She leaned toward Pace and her voice dropped to a confidential whisper. "Me'n Tex gonna leave this place. Never liked it, mister, no part of it."

"Sure," Pace smiled.

"Poor Tommy," she said and hiccupped. "Was gonna leave him but he got killed. Didn't treat him right and he loved me. Makes me feel sad, and I don't like feeling sad."

Pace caught Tex's eye again and jerked his head toward the door. Tex nodded to Pace and led the way out of the room and downstairs. They entered the tiny parlor.

Tex looked questioningly at him. "Something up?"

"No," Pace said. He sat down on a horsehair sofa, thumbed his hat back. "It's about Jack."

Tex stiffened and some of the humor left his thin face. "What about him?"

"Well," Pace hesitated deliberately. "I don't like the way Jack's handling things."

Tex stared, disbelievingly, and then a new and hopeful light came to his face.

"Let me hear that again."

"It's plain, Tex. I dunno, seems like Jack's slipping. Look at the way he lets Shorry Ratner hold us up. He waits around too long and all of us will be looking at a jail with a hangnail just beyond. That don't figure. Take this offer of Starrett to take care of Crane. Five hundred ain't much, but it's an easy job. It'd be just that much more to add to the kitty."

DAN tried to hold his elation in check. His face remained masklike and only by a single, sharp glance did he betray his inner excitement. Here was a gift extended to him but he must not too eagerly grasp it. Hiatt was held now by emotion and he might change his mind once this moment had passed.

"I don't know, Hiatt. You're outlaw, sure, but there might be some way to get rid of the brand."

Hiatt came to the edge of his chair, tipping forward onto the table. "How? That's all I want to know. Think I like this sneaking, running life? Think any woman would want to share it with me?"

Dan spoke cautiously. "You're not wanted for any killing in this Territory. But there is the bank robbery and the stolen money."

"But that was done in Colorado."

"The money's right here. Dan pointed out. "Maybe that could be returned . . . but there's still Tommy Rikes' killing. You didn't fire the shot, but the law can still hold you for it . . . unless you . . ."

"Unless what?"

"You're one of them. The only way we can trust you is to see what you do about it. If you helped us capture that bunch, and then turned the bank money over to . . . say Phil Preston, to see it went back to Colorado, I think the law would be mighty lenient."

with you."

"Turn them in?" Hiatt's tone changed, uncertain now.

"How else can we trust you? . . . or Ermine? After it's over, there's several ranches that could use a rider. I know Hal Crane would on his HC spread. That trumped up killing charge back home would mean nothing and, given time, you might even get it cleared up."

"I don't know."

"You got your choice, Hiatt. You can ride along with this bunch, and you know where that trail will end. You won't have a chance, not only with Ermine, but any girl like her—ever. Throw in with us and I can promise that everyone in the whole Valley will back you to the limit."

HIATT rose, stood thoughtful, then turned to the door and, without a word, left the house. Dan remained at the table. He knew Hiatt hated even the thought of betrayal, of being a turncoat.

So Dan walked to the saloon. The outlaws were gathered, as usual, at the bar. Dan's eyes quickly passed over them. Bruhn sat at the table with his inevitable card layout, whiskey bottle and glass. The rest were at the bar with the exception of Hiatt, Pace and Tex.

Not five minutes later Pace came in. He selected a bottle from the shelf and took it to a table across the room from Bruhn.

If You Want to Be Sure It Gets There--

SWAMPED IN A SEA of Christmas packages, postal workers battle the tide to get your gift parcel on its way.

The Post Office Department hands out the following advice to those who want to insure safe and prompt delivery of their cards and gifts:

Make sure parcels are well packed and securely wrapped in strong containers. Cushioning material, such as excelsior, shredded newspapers or tissue paper should be evenly and firmly placed on all sides of the gift. The carton should be securely wrapped in heavy paper and tied

with strong twine. Mark "Fragile" on delicate gifts such as glass, china, electrical appliances, radios, and musical instruments.

Do not enclose coins and hard objects of any kind in letters without marking the envelope for hand stamping. High speed canceling machines often jam and damage letters because they cannot process them.

Address mail fully and clearly. Write legibly or print plainly.

ly. Where applicable, use zone numbers on the address and return address. Avoid using abbreviations which might confuse mail handlers.

Be certain that a return address is printed on the upper left hand corner of both cards and parcels. This will prevent undelivered mail ending up in a "dead letter" office.

Expect to Launch First Earth Satellite About Jan. 1, 1958

ATHENS, Ohio (U.P.) — The first artificial earth satellite will probably be launched "about Jan. 1, 1958," the chairman of the U. S. National Committee for the International Geophysical Year said Tuesday night.

Dr. Joseph Kaplan said "it will be a good percentage if six of the 12 proposed satellites are successful."

He said the program is one of 14 areas of geophysics to be studied in "one of the most significant undertakings in the history of man."

Thinking It Over

By Robert L. Dieffenbacher, D. D. Written for NEA Service

Deadlines are bugaboos to the cub reporter but every journalist finds that they never cease to plague him. Copy which tells the story must be ready before press time.

The meeting of deadlines faces all of us day by day. Trains do not wait. The mortgage holder has a time limit on his patience. Creditors must be reasonably satisfied. Production schedules must be met. All of us must keep appointments.

Why do we not meet our deadlines with God? How can we go to sleep without praying? What materialism allows us to accept so many eternal gifts without a word of appreciation?

Keep your appointments with God and with your spiritual creditors.

Cancel U. S. Tour By Russian Olympic Athletes

LOS ANGELES (U-P) — Eighteen Russians homeward bound from the Olympic games left here early today by plane for their native country after substituting a hasty bus tour of Hollywood and Disneyland for their proposed cross-country tour of the United States.

The Russians had planned to make a tour from Los Angeles to New York following their arrival here Wednesday from Honolulu aboard a Pan American Airways plane. The tour, however, was cancelled by immigration officials for "security reasons."

The group spent less than 16 hours in the United States during their stopover between planes.

Bull Dogs Play at Herrin Friday Night; At Johnston City Saturday

The Harrisburg Bull Dogs basketball team has another big job before it Friday night, when the boys travel to Herrin for a South Seven conference affair with the Tigers.

Herrin, ranked 11th in the state this week in the United Press poll, has boys like Ivan Jefferson and Tidwell, fine players last year, back along with a fine crop of juniors.

Benton, which upset strong West Frankfort last week when Harrisburg dropped its initial loop game to Marion, has another tough foe Friday night when the Rams travel to Mt. Vernon. The Rams, figured to be very strong this season, were upset that night by a hard-pressing Centralia crew.

Pinks Meet Red Birds
The Orphans travel to Marion for what should be a good Friday night contest.

Top-ranked Pinckneyville and West Frankfort's Red Birds, who knocked the Pinks out of last season's state tournament, collide in the top game of the Illinois prep basketball card Friday night.

West Frankfort is ranked 10th by the United Press coaches board. The Pinks are undefeated in three outings.

One of the best games in southern Illinois Friday night will be in the big Norris City gym, where Carrier Mills will be the opponent. Carrier Mills holds six straight victories, including one over Harrisburg, and Norris City showed its strength Tuesday night by downing Carmi, 71 to 60.

Other Friday night games in this area will be Ridgway at Equality, Rosiclare at Galatia, Shawneetown at Crossville, and McLeansboro at Fairfield.

To Play Johnston City
Defending state champion Rockford West, which has won its first four contests to grab ninth place in the ratings, also runs into a rugged test in crosstown foe Rockford East.

No De-Emphasis, N. D. Prexy Says

NEW YORK (U-P) — Paul Hornung's acceptance of the Heisman Trophy was saluted today by the President of Notre Dame, who made it clear there will be no de-emphasis of football at South Bend.

Rev. Theodore Hesburgh, Notre Dame president, took cognizance of de-emphasis talk during a dinner at which the 20-year old Hornung, Notre Dame's All-America quarterback, received the coveted Heisman award.

"Anyone who would think of de-emphasizing football at Notre Dame should have his head examined," said Rev. Hesburgh. "Before you can de-emphasize a sport, it first must be out of proportion."

White Sox Best Defensive Club

CHICAGO (U-P) — The Chicago White Sox officially were crowned the American League's best defensive club for 1956 today and placed four players on the circuit's all-star fielding team.

The White Sox not only had the highest fielding average of any team in the league, .979, but also came up with individual fielding leaders in first baseman Walt Droppo, second baseman Nellie Fox, catcher Sherm Lollar and pitcher Jim Wilson.

Other fielding leaders included George Kell, Orioles; Harvey Kuenn, Tigers; Jim Piersall, Red Sox; Mickey Mantle, Yankees, and Karl Olson, Senators.

ratings, meanwhile, takes on Chicago Dunbar, the big city's tournament entry from last season. Alleman and Rock Island meet headon next week.

In other games involving top teams, Collinsville meets Granite City Friday and Gillespie Saturday, Galesburg meets Monmouth, Elgin plays Aurora West, and Quincy plays Macomb Friday and Peoria Central Saturday.

The Bull Dogs Saturday night have a second straight game away from home, meeting the Indians in a non-conference game at Johnston City. No South Seven games are on the Saturday night card.

Other games that evening will be Eldorado at Anna, Galatia at Carrier Mills, Marion at Du Quoin, Hillsboro at Pinckneyville, Salem at Centralia, Benton at Carbondale and Attucks at Carmi.

Erton Reports Real Estate Deals

Sale of a 190 acre farm on Rt. 13, about a mile and half east of Harrisburg, to Carroll Allen, Eldorado, is reported by Erton Real Estate brokers. The land was owned by Clarence Murphy, Alton.

Also sold this week was the property at 311-A East Ford street, owned by the Veteran's Administration, to Mr. and Mrs. William Stump, who will occupy it as a residence.

Dave Bowen, who recently moved to the Hunsinger farm on Rt. 145, which he bought, has sold a rental property on East Ford street to Mrs. Lora McIlrath, Chicago. Mr. Bowen is a retired mine manager, and he and Mrs. Bowen got in some very enjoyable days fishing this fall, at which she was the most successful, landing a huge bass on one trip.

Mr. and Mrs. Walter Hayes are preparing to move from Pankeyville to a house which they bought from John R. Jackson, which is on East Ford street.

Britain's Crown Colony of Hong Kong is only a little larger than New York City.

Dodgers Trade Jackie Robinson To N. Y. Giants

NEW YORK (U-P) — Jackie Robinson, one of the greatest heroes in Brooklyn Dodgers history, was traded to the New York Giants today for pitcher Dick Littlefield and an undisclosed sum of cash estimated at \$50,000.

Giant Manager Bill Rigney said he was "elated by the deal" and announced that the greying 36-year-old Robinson would play first base for the Giants next season.

A Giants spokesman revealed that President Horace Stoneham of the Giants and Walter O'Malley of the Dodgers "closed the deal" at the recent major league meeting in Chicago but the announcement was withheld because the executives wanted to reveal the news to the players first.

Robinson, first of his race to play major league baseball, thus will bring his fiery talents to the team against which he battled hardest during his spectacular career. A star performer for the Dodgers since 1947, Robinson carried on a constant feud with former Giant Manager Leo Durocher and always seemed to play at his best against the Giants.

"We always regarded Robinson as the 'heart' of the Dodgers," the Giant spokesman said. "We're delighted to have him."

Center Fined As Knicks Lose

By United Press
Center Ray Felix was \$25.00 poorer today, and the New York Knickerbockers hoped, a bit wiser.

The 6-11 Felix incurred an automatic fine Wednesday night when in anger he batted the ball out of Referee Frank Hoerst's hands after being charged with his sixth foul—a technical.

Up until that point—early in the final period—the Knicks were in the game, but the Minneapolis Lakers opened up and breezed to a 121-103 victory. Big Clyde Lovellette scored 29 points, 15 of them in the last session, to lead the Laker attack.

The Rochester Royals, rumored to be headed for a new home because of poor fan support, lengthened their lead in the Western Division of the National Basketball Association to a full game by beating the Boston Celtics, 103-93, and the Philadelphia Warriors moved into a second place tie with the Knicks in the Eastern race by defeating the St. Louis Hawks, 115-99 in other games.

Civil Defense to Allocate Hospital To West Frankfort

WEST FRANKFORT, Ill. (U-P) — The first 200-bed emergency hospital allocated by the Civil Defense Administration will be assigned to West Frankfort, Ill.

The civil defense "pre-positioning" program involves the permanent storage of portable emergency hospital units. West Frankfort, about 100 miles southeast of St. Louis in southern Illinois, is a support area for the St. Louis and East St. Louis population center.

Speedy Glacier
Speed record for a glacier's movement seems to be that of the Black Rapids glacier, in Alaska. For several months in 1936, a speed of 115 feet per day was recorded for it.

Michigan established the first state agricultural college in the United States in 1857.

Looking At Sports

By BILL MELTON

The importance of the free throw has been pointed up in the last three basketball games played by Eldorado.

In those three games, resulting in one win and two defeats for Eldorado, each club made the same number of field goals and free tosses determined the result.

Last Friday Eldorado and Galatia each made 20 field goals, but Galatia won by hitting on two more free throws. Saturday Eldorado and Ridgway tied at 24-24 from the field, but this time Eldorado was more successful, 13-11, in free tosses and won.

Tuesday Eldorado and Albion each had an even dozen from the field, but Albion won by making one additional free one.

One of the top-interest ball games in southeastern Illinois will be played at Norris City Friday night when the unbeaten Carrier Mills Wildcats put their perfect record on the line against the powerful Norris City club.

"Bones" Ruklick and Archie Dees, a couple of all-stars in high school of a short time ago are doing more than all right in the Big Ten, running one-two in the scoring race.

Ruklick, who led Princeton into the state tourney, tops the list having scored 85 points for Northwestern. Dees, who defied all defensive efforts while playing both at Grayville and later at Mt. Carmel, has come up with 80 points for Indiana.

Speaking of high scoring, Roger Suttner of Ridgway has swished the nets for 234 points in nine games for a 26 point-per-game average.

Saturday night Galatia plays at Carrier Mills.

Just about four years ago these two clubs met at Carrier Mills and came up with quite a scoring battle. Even though Galatia scored 90 points they lost because Carrier Mills was even busier and scored 101.

In looking back at The Daily Register account of the game I found that Galatia hit a fine 490 from the field with 35 goals in 72 tries and scored on 20 of 23 free throw efforts.

And Carrier Mills had a 480 average on 41 goals in 85 shots and at the free throw line CM was successful on 19 of 26 tries.

There were 60 points scored in the third quarter. Yep, that's right. SIXTY points in one quarter of play.

lineups that night and pointed out: CM, Dean Farra 23, Bill Harrawood 19, Dave Cole 27, Fred Williams 8 and Ron Culbreth 15. Nine other points were picked up by reserves; Galatia: Brent Russell 13, Bob Webber 14, Buddy Peyton 24, Bill Higgins 27, Jim Fowler 7. Duane pitched in the other five.

Everyone who saw that game will always remember it.

The Carrier Mills grade school is sponsoring something new in a four-team blind draw basketball tournament. It will be played in only one day.

The tourney is slated for Saturday, Dec. 22. There will be two games that morning and two more Saturday night.

Teams participating are Stonefort, Muddy, Raleigh and host Carrier Mills.

Globetrotters to Exhibit Cage Wizardry Tonight at Davenport Gym

Basketball's fabulous Harlem Globetrotters, the winningest and most travelled team of any sport in the world, exhibit their copyrighted cage wizardry against the Philadelphia Sphas tonight at Davenport gymnasium, Harrisburg.

The gala show, which also features an array of the added entertainers performing before the game and between halves as an interesting part and parcel of every Trotter appearance, will get under way at 8:15 p. m.

It's the thirtieth anniversary season for the celebrated nomads of the court, whose endless wanderings have taken them to all six continents, and needless to say, Owner-Coach-Founder Abe Saperstein is observing the anniversary in fitting style.

The show is jam-packed with exciting features from start to finish. The acts are great, the Trotters have their finest lineup in years and the Sphas were chosen as the opponents because they are an aggregation best-equipped to give the Saperstein men their closest competition.

This is a typical Globetrotter team—as equally outstanding as showmen and comedians as they are in top-drawer playing ability. The razzle dazzle has an added dash of rock "n" roll this season.

Playing-Coach Ermer Robinson, one of the all-time Trotter greats, is surrounded by a star-studded cast. Bob "Showboat" Hall, the "Rajah of Comedy," is back funnier than ever.

Then there are such as six foot, ten inch Lee Garner, Jesse Coffey, Murphy Summons, Don Byrd and Henry Kean, and most interesting of all from the local point of view—Oliver Rollins, the "big Cat" from Carrier Mills—is with the team.

The Sphas will counter with 6-10 Jim Griboski, 6-8 Kevin Thomas, Playing Coach Tom Brennan and Vince Leta, both 6-5. Joe Mikez 6-4 and Len Winograd and Jack Munch, 6-2, and Charley Burns, the real veteran of the team, an even six feet. Most of these men were college cage standouts in the east.

Hask Wayne of Chicago will referee the tilt. The added entertainers comprise the wonderful Ala Baba and his Turkish magic; national intercollegiate trampolining champion Dick Albershard of Indiana University China Doll Ala Ming on her Silver Sword tight-rope, the juggling and acrobatic Lee Marx and Billie, Consuleno on her portable trapeze and the sensational Palermos, juggling stars from Argentina.

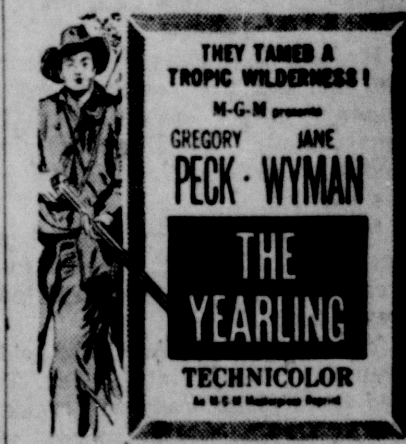

Doors will open about 6 p. m. and plenty of good seats will be on sale at the box office.

Weapon Shortage

When the Declaration of Independence was adopted in July of 1776, one-fourth of the Continental army was without weapons. Muskets were so scarce, Benjamin Franklin advised the use of bows and arrows, while New York ordered militiamen without guns to arm themselves with shovels, pickaxes and scythes.

1,996 Illinois Highway Deaths

SPRINGFIELD — Illinois highway fatalities for 1956 neared the 2,000 mark today.

Robert A. Campbell, state traffic safety coordinator, said 1,996 persons have been killed on Illinois highways so far this year, an average of more than five persons per day.

If the average holds true today,

Campbell said, "Illinois will reach the 2,000 mark sometime today."

He said 2,195 deaths were reported on Illinois highways during 1955, and by year's end "we are almost certain to approach that total again unless the driving public exercises extreme caution for the remaining days of this year."
